Dear DORIS ARMENTA:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on January 12, 2016 for the claim you submitted on behalf of DANIEL ARMENTA. Your claim number is VCF0079384.

The letter included the reason(s) your claim was deemed ineligible for compensation. You then amended your claim and provided additional information not previously submitted to the VCF.

The VCF has considered your amended claim and reviewed the new information you provided and has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- MALIGNANT NEOPLASM - BLADDER

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, an injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent has been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a

request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear STAN LAPOINTE:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of JOHN LAPOINTE. Your claim number is VCF0092624. Your Eligibility Form was determined to be substantially complete on March 30, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors. Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- CHRONIC AIRWAY OBSTRUCTION NEC
- ESOPHAGEAL REFLUX
- LIVER CELL CARCINOMA
- REFLUX ESOPHAGITIS
- SIMPLE CHRONIC BRONCHITIS

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation. Because you were previously compensated by VCF1 for some or all of these injuries, you must show that the condition has worsened, that you have been certified for treatment by the WTC Health Program for a new condition, or that you have a new loss associated with a previously eligible condition. For example, if the decedent had been determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now.

Note that the amount of compensation received in VCF1 will be considered when determining whether additional compensation should be awarded. As a general rule, the compensation received in VCF2 will be calculated based on the amount of compensation any similarly situated person who filed a claim only in VCF2 would receive; any compensation received in VCF1 will

then be applied as an adjustment to the award. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see the www.vcf.gov website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

Dear Patricia Reilly:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. You submitted an Eligibility Form for Deceased Individuals on behalf of Robert Reilly. Your claim number is VCF0014907. The Claims Evaluator determined that your Eligibility Form was substantially complete on June 17, 2014. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived.¹ For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 thru 7.4 on the VCF website at <http://www.vcf.gov/faq.html>.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute (the Zadroga Act and the original statute) and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the following injuries have been found eligible:

- Lung Cancer

Please note that there are several reasons why an injury that you think should be eligible is not listed above. First, for non-traumatic injuries, the description of the injury is based on the information provided by the WTC Health Program and there can be several alternative descriptions for the same injury. Additionally, a WTC Health Program physician may have provided testing or treatment for an injury even if the injury has not been certified for treatment. Finally, an injury may not be listed if it was only recently certified for treatment. The VCF regularly receives updated information from the WTC Health Program and will notify you if additional injuries are certified during the processing of your claim.

The VCF will determine the compensation amount based solely on the eligible injuries listed above. If you have not already done so, please submit the Compensation Form for Deceased Individuals and the required supporting documents as soon as possible. To reduce administrative costs and speed claims processing, you are encouraged to submit the Compensation Form through the VCF's web-based claim system at www.vcf.gov. If you wish to complete the Compensation Form in hard copy, you may download and print the form from the VCF website or call the toll-free Helpline at 1-855-885-1555 to request a form be mailed to you. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-353-0356.

When submitting the Compensation Form, please be sure to complete and submit the proposed distribution plan, including the requested information about each individual you propose to receive a portion of the award. Please also complete and submit the VCF ACH Payment Information Form. This form can be found on our website under "Forms and Resources." The completed form must be submitted before the VCF can arrange for any payment.

The VCF will be able to determine the compensation amount based on the eligible conditions after all compensation related documents are submitted. When you receive your compensation decision letter, you will have the right to appeal. In that appeal, you have the right to assert additional injuries that you believe are eligible and should be compensated. For purposes of the statutory deadlines, the injuries listed in your claim form and the injuries certified as eligible will be deemed "filed". You will receive instructions on the appeal process when you receive the letter with details of the compensation decision.

If you have questions about the information in this letter or the claims process in general, please contact our toll-free Helpline at the number noted above. Every effort will be made to respond to your inquiries as soon as possible.

As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ESOPHAGEAL REFLUX
- OTHER CHRONIC SINUSITIS

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF

FAITH SMITH
5822 DOGWOOD DRIVE
HARRISON TN 37341

Dear FAITH SMITH:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of MICHAEL SMITH. Your claim number is VCF0093401. Your Eligibility Form was determined to be substantially complete on April 05, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors. Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- CHRONIC RHINITIS
- ESOPHAGEAL REFLUX
- MALIGNANT NEOPLASM OF CARDIA
- MALIGNANT NEOPLASM OF PANCREAS PART UNSPECIFIED
- OTHER CHRONIC BRONCHITIS
- UNSPECIFIED SINUSITIS

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation. Because you were previously compensated by VCF1 for some or all of these injuries, you must show that the condition has worsened, that you have been certified for treatment by the WTC Health Program for a new condition, or that you have a new loss associated with a previously eligible condition. For example, if the decedent had been determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now.

Note that the amount of compensation received in VCF1 will be considered when determining whether additional compensation should be awarded. As a general rule, the compensation received in VCF2 will be calculated based on the amount of compensation any similarly situated

September 11th
Victim Compensation Fund

person who filed a claim only in VCF2 would receive; any compensation received in VCF1 will then be applied as an adjustment to the award. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see the www.vcf.gov website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent does not have injuries other than those listed above you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Dear MARGARET UTZINGER:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. Your claim number is VCF0099451. Your Eligibility Form was determined to be substantially complete on August 27, 2018. As stated in the regulations and on the claim form, by filing a substantially complete Eligibility Form you have waived your right to file or be a party to a September 11th-related lawsuit.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- CHRONIC OBSTRUCTIVE PULMONARY DISEASE UNS
- PULMONARY FIBROSIS UNSPECIFIED

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If you have been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe you have eligible injuries that are not being treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating your award, you should amend your claim. If you choose to amend your claim, you must first seek

certification for the condition(s) from the WTC Health Program. Seeking certification for your condition provides the VCF with the necessary evidence that the condition is eligible for compensation. Please note, however, that because additional certifications do not necessarily impact the amount of your award, we recommend that you wait to receive your award letter to determine whether to seek certification for any additional condition(s).

If you do not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.
